Farmers Party Pass Resolutions.

Calgary, July 25.—This afternoon's session of the farmers' political party was packed with vital action. Policy was declared on many important problems, and officers elected.

The constitution was finally completed and adopted. One of the most important resolutions was that dealing with the method of the trial of the Winnipeg aliens. The convention demanded the restoration of British justice in Canada by trial by jury of all offenders.

The convention also called for the repeal of the amendment to the immigration act, which gives immigration officers power to deport British subjects born outside Canada, without trial.

The convention also endorsed the \$2,000 gratuity scheme for soldiers also asking the minister of education to advance money to keep the schools open in drought stricken areas. A most radical proposal was adopted in resolution form, as a method of compelling attention to the farmers demand for tariff reform. It was proposed that, what amounts to a boycott, be instituted against Canadian goods which are manufactured in Canada under protection of the tariff.

Attends Farmers Convention.

J.G. Clark, delegate from the Wainwright Provincial constituency returned from Calgary Saturday, where he attended the convention of the executives from all the Federal Ridings of the Province. The purpose of the convention was to organize a central executive for the whole Province. The organization was completed in due form and everything is in shape now for an aggressive campaign all that is required now is that every farmer in the Province should realize his responsibility for the success of the movement and be true to his own best by seeing that the movement is carried through to a successful issue.

Miss M. Clark is visiting with her sister at Calgary.

Baseball News.

Poplar Grove ball team motored over here on Saturday, July 26th, and played a game of ball which was not fast but a very nice exhibition game. The score at end of a seven inning was 17-5 in favor of Irma. A dance was held in the hall after the game and seemingly every one had a good time.

On Monday Hardisty phoned for the Irma team to play on Tuesday evening at Hardisty. Manager, Wyatt rallied the boys and took over a bunch of heavy hitters, exhibiting to the C.P.R. town a real team and with good clean call-as-you-see them umpiring everybody seemed satisfied that the best team won. The score was 19-12 in our favor getting second money in a series of games being played Chautauque week in Hardisty. Sedgewick and Loughheed play Friday, the winner of that game plays Irma on Saturday. Let's all go and help our boys bring home the seventy beans.

Garage Changes Hands.

J.W. Wyatt has sold out his garage and machine business to Moore Bros., R.O. and L.L. Moore. These are returned men and not altogether new to this district coming here from Jarrow. We welcome them most heartily and wish them success in their new venture.

Farmers Attention.

I have a number of binder orders and lots of binders, perhaps you will need more than one or you may not have left your order. Come in while in town and tell me what day you want that Massey-Harris. You only need one in a life time they are built to last and I have the extra parts when needed.
E.T. McDowell.

Tinsmith Here.

G.R. Smith, an experienced tinsmith has rented the shop formerly occupied by Chas. Lattimer and is installing a set of tools. Mr. Smith will be in the shop Mondays, Tuesdays and Wednesdays when he will be pleased to meet anyone wanting any work done in his line. Mr. Smith is running a display ad in the Times which will give the dates he is here.

The Americans won the baseball throwing contest in the Allied games at Paris. Needless to say they also won at throwing the bull.

Delightful Vacation Trip.

In days no further back than five years ago, the glorious scenery of the Canadian Rockies in Central British Columbia, which has been opened up by the construction of the Grand Trunk Pacific Railway, were reserved for the intrepid hunter or prospector and the native red man. Today this playground, so expansive that distances do not describe it, is virtually at the door of tourists, travellers, alpinists and sportsmen. This unspoiled wonderland may be penetrated to the very heart in luxurious modern railway trains. The Grand Trunk Pacific Railway has issued a handsomely illustrated folder descriptive of a "Tour of a Thousand Wonders" thru the Canadian Rockies—Mount Robson Route, embracing Jasper Park, Mount Robson Park, the Historic Skeena River country, the Land of Totem Poles, so rich in history and romance, and embracing an ocean voyage of 700 miles thru the protected waters of the "Inside Passage" of the North Pacific Coast, from Prince Rupert to Vancouver, Victoria, and Seattle, on the Steamships "Prince Rupert" or "Prince George" of the Grand Trunk Pacific Steamship Co., conceded to be the finest and fastest vessels in regular North Pacific Coast Service. A most interesting side trip from Prince Rupert to Angor, B. C. is also described. Copies of this folder may be had on application to any Grand Trunk Pacific Agent. 2a

May Not Hold Trial In London

London.—It is possible that former Emperor William may not be tried in London, according to an announcement made in the House of Lords by Earl Curzon, government leader in the upper house.

The Lords passed the peace treaty and the Anglo-French treaty through all stages. In the course of discussion, Viscount Bryce deprecated holding the trial of the former German Emperor at London.

Baron Buckmaster said there were grave reasons why the government ought not to pursue any further the project of trying the German war lord. It was certainly unfeeling, he declared, to ask an English judge to sit on such a tribunal to administer a law he does not know by procedure and has never been defined, in a court he does not control.

In his reply, Earl Curzon said he thought the kaiser in exile in no way comparable with Charles I. or Napoleon. He was unable to imagine that a man who ignominiously fled his country could be turned into a martyr or a hero by a trial, while his continued presence near the German border might be a political danger.

It might be, however, that the trial would be held in London. No final decision has been reached, and the chances of the trial becoming a spectacular show and disturbing public opinion and the daily national life were important considerations. Even if the trial were within the sphere of Britain, it by no means followed that London would be the place selected.

Resume Trade With Germany

Traders of World Rush in With First Raising of the Allied Blockade

Berlin.—The first results of the raising of the blockade, says the Deutsche Allgemeine Zeitung, is the flooding of Cologne with foreign goods.

"French firms," the newspaper adds, "are offering hundreds of thousands of kilograms of cocoa powder,

chocolate, coffee, oat, pork fat, macaroni and toilet soaps. German imports companies have been offered large quantities of corn starch and cocoa, hundreds of carloads of white beans and Chinese yellow peas, and raw coffee and chocolate in huge quantities.

"The American offers include bacon, olive oil, rubber coats, steam turbines, automobile machinery, various oils and vaseline.

"An Anglo-Japanese firm offers the direct importation of borax, paraffin, resin, flax oil, shellac and soap."

Cutting Wheat Near Brandon

Brandon.—Robert Roddick, farmer of Brandon Hills, is cutting wheat. He commenced on a field that was sown on April 15. It is said to be the finest crop since 1914. It is 30 years since wheat was cut in this particular district during July. Wheat fields in the Assiniboine River Valley are ripening fast.

Paris Honored Victim

Paris.—Paris honored the memory of Sgt. Paul Mannheim, of the French army, who was murdered in Berlin on July 13. The burial of Sgt. Mannheim took place at the Père Lachaise cemetery. Great crowds followed the funeral procession, in which President Poincaré and Premier Clemenceau were represented.

Civilian Disturbances All Over England

London.—Civilian disturbances in different parts of the country have been as destructive as anything committed by the military. At Swindon gangs of youths and discharged imperial soldiers looted twenty business premises and burned the flagstaff outside the municipal buildings. At Luton, where the town hall was burned, further disturbances were quelled by police charges. Men and four women were arrested, and further arrests are imminent. At Coventry many shops were attacked; 40 persons were injured, some dangerously, and police assistance was sought from Birmingham. At Bolton the mobs tore down a wall and used the bricks as missiles against the police. Additional police were summoned from neighboring towns.

Fatal Airplane Accident

Lieut. W. R. Cross and Wife of Aviator Kerr Instantly Killed

Portage La Prairie.—Lieut. W. R. "Buster" Cross and Mrs. S. P. Kerr are dead and Lieut. S. P. Kerr, of the Veteran Airplane company, of Winnipeg, is in the Portage general hospital in a precarious condition as the result of a nose dive made by his machine about two miles north of this city. How the accident happened cannot be learned except from those who saw the machine come down, and they state that the engine stopped of a sudden, the nose of the machine turned earthward and it came down with a crash.

Lieut. Kerr and party arrived here from Winnipeg with their machine, and had arranged to proceed to the Brandon exhibition. They made an early start, but had some kind of trouble west of the city and were forced to land in a plowed field, necessitating assistance in getting out. Nothing more was heard of them until they were observed flying north of the city, heading evidently for the Brandon exhibition. They were flying at an altitude of about 200 feet when of a sudden the engine stopped and the plane came down on the farm of the Home for Incubables.

It is surmised that, flying so close to the ground, Lieut. Kerr, who was running the machine, did not have time to straighten out before the crash came. The nose of the machine crashed into the ground and drove the engine in on top of Mrs. Kerr and Lt. Cross, who were in the front seat, and when taken out they were crushed almost beyond recognition. When the machine struck Lieut. Kerr, who was in the back seat looking after the control, bounced out and landed clear of the machine, but he was unconscious when picked up, and rushed to the hospital.

Parts of the machine had to be torn away to get the bodies of Mrs. Kerr and Lieut. Cross out of the wreckage, but there was no sign of life, and they must have been instantly killed.

The machine was what is known as the L.W.F. type, 145 horse-power, and has 48-foot wing span.

Honorary Degree Recipients

Given to Leaders in War By Cambridge University

Cambridge, England.—General Sir Arthur Currie, commander of the Canadian forces, was among those who received the honorary degree of Doctor of Laws from Cambridge University. The ceremony took place in the senate house, which was crowded mostly with undergraduates dressed in military and naval uniforms for the occasion. The vice-chancellor of the university, Dr. Arthur E. Shipley, of Christ College, presided.

Among the various recipients of the degree were Admirals Sturdee and Wemyss, and Generals Rawlinson, Birdwood, Wilson, Herne, Monash, the Earl of Cavan and Gen. Pershing.

The vice-chancellor then entertained the party at luncheon in Christ College hall, to which they followed and cheering. Gen. Birdwood was carried shoulder high by the youths.

Would Exclude Canadian Cattle

Fears Expressed in England That Animals Are Exposed to Diseases

London.—Farmers of England are opposing the efforts being made to remove the long-standing prohibition on the importation of Canadian cattle. The council of the chamber of agriculture has adopted a report urging that there be no relaxation in the restrictions, not because of disease which is admitted to be non-existent in Canada, but because Canada's extended frontier exposes her to constant danger from the U.S., where animal diseases are always present.

No Trace of Nipigon Man

Fort William, Ont.—Another day's sun has set and still the second man implicated in the murder of Constable Armstrong at Nipigon is at large. Apparently there has been no sign of him, although the search of Inspector Symons, Sergeant Burleigh and members of the local police forces, Mounted Police, Dominion, provincial and railway police, has been constant in the vigilance for him and is still scouring the woods between Port Arthur and Wild Goose Point.

Awaiting Proclamation Of Peace At Ottawa

Ottawa In Throes of Doubt as to When War Measures Act Expires

Ottawa.—Parliament will be in session again before the War Measures Act expires, and with it the race track betting, prohibition and other wartime orders-in-council passed under its provisions. Such is the understanding here, and was the understanding when parliament prorogued a fortnight ago. At that time the final complete text of the peace treaty with Germany had not been received in Ottawa, and therefore could not be submitted to parliament for ratification. Drafts as prepared had been received, and changes made are cabled from Paris. It was not till the arrival in Ottawa of Hon. C. J. Doherty, who with Hon. A. L. Sifton signed the treaty for Canada, that the text as signed at Versailles was available. The understanding with the British government when Sir Robert Borden left London was that there would be no proclamation of peace by Britain for some time, and at any rate not till the Canadian parliament had full opportunity to ratify.

Since then, however, greater necessity has apparently arisen in Great Britain for an early proclamation that a state of war no longer exists. It is understood that the government here is in communication with the imperial authorities on the subject, and that stress is being laid on the necessity for full opportunity being given to the Dominion parliament for discussion of the treaty's terms before formal proclamation of peace by the King. Notice has already been given of a special session in the fall for ratification.

While the question has not been discussed in cabinet as yet, it is probable that the date of opening will be advanced a week or two to avoid any unnecessary delay. But that peace will be officially proclaimed before the Dominion parliament can be summoned is regarded here as extremely unlikely.

The point raised by Sir A. B. Aylesworth that the war time orders-in-council, notwithstanding their own provisions, will not be operative after expiry of the War Measures Act is generally conceded. A similar opinion was given by a committee of legal experts in Great Britain, and to order-in-council passed under the Defence of the Realm Act.

It is pointed out that under the treaty with Germany peace cannot be proclaimed until after ratification by Germany and by three of the principal allied and associated powers. The principal allied and associated powers are defined in the treaty as U.S., British Empire, France, Italy and Japan. Ratification of the treaty with Germany alone is not regarded as being sufficient to end the war and the War Measures Act. There will be also need to be ratification of peace with Austria. Peace with Germany would be merely a partial peace. But whether ratifications of the peace with Bulgaria and Turkey first would be necessary in so far as the termination of the War Measures Act is concerned is regarded as somewhat doubtful. There is little likelihood, in actual practice, of much difference in time between the proclamation of peace in Great Britain and its proclamation in Canada by the governor-general.

Canadians Sentenced In England

End of Trial of Seven in Connection With Death of Epsom Policeman

London.—At the Surrey assizes Bugler Robert Todd and Private E. A. McAllan, of the Canadian Forestry Corps, were found not guilty of manslaughter in connection with the death of Police Sergeant Greep at Epsom and discharged. Privates F. H. Wilkie, 102nd Canadian Battalion; J. Connors, 113th Canadian Highlanders; A. McMaster, 3rd Canadian Reserve; and D. Yerec and A. Masse, of the Canadian Forestry Corps, were found guilty and sentenced to twelve months' imprisonment with hard labor.

Disaffection With the Administration

Disaffection with the administration of the public works department, especially the neglect of roads, with the administration of the agricultural department, and with the proposal of the government to levy additional taxation told against the Conservatives. People also looked with disfavor upon the highway bill, fearing that payment of the sixty per cent. asked for by the federal government would be too heavy a burden.

The French government has conferred the Médaille Militaire, its highest decoration for an enlisted man, on a negro corporal of the 372nd Infantry, who was formerly a waiter in a Boston restaurant. Heroin, as the war has abundantly shown, is as dangerous as with race color or previous condition of service.

Strikers On Trial At Winnipeg

Winnipeg Strike Leaders Laugh at Evidence Tended on Conspiracy

Winnipeg.—A secret service whose ramifications extended even into the carefully-guarded precincts of the labor temple was named as the source of evidence of an actual revolution by Sgt. A. E. Reames, chief of the Manitoba Royal Northwest Mounted Police secret service, at the preliminary trial of eight labor leaders charged with seditious conspiracy.

The accused, R. B. Russell, W. M. J. Evans, W. A. Pritchard, R. J. Johns, Aldermen A. A. Heaps and John George, George Armstrong and R. E. Bray, maintained the attitude they adopted at the first sessions; they laughed outright at some of the evidence and continually passed laughing whistles.

"Reports I had from reliable agents were to the effect that there was a revolution in the making," Sgt. Reames declared, under cross-examination by E. J. Murray. He reiterated quotations from speeches by Wm. Evans and Geo. Armstrong which contradicted revolution. He said he believed the speeches were contributory causes to the general strike. "I was not surprised that the strike was peaceful at first," he said. "It would have remained so if the strike committee could have retained control of everything in the city under the labor temple permit system. They wanted peace for a purpose."

Evidence of an independent witness, Joseph T. Hill, who had attended a meeting the day before the first riot, brought out the fact that Wm. Evans had told a large gathering of ignorant foreigners that their homes were in danger of violation by the special police. Mr. Evans told a story of a special policeman stealing money from a striker's wife and children under threat of his baton. When the special police had been attacked the next day, the witness had thought it his duty to report Evans' speech to the police. He said he believed it was contributory to the riot, and was "vicious and that its effect at that time would be particularly bad."

He said he had been shocked and horrified at the thought of a man having so little sense that he would make such an inflammatory address to such an audience.

This was the most one-sided election since Confederation, with the exception of 1911, when the Liberals won only two seats. When the house dissolved, the parties stood: Conservatives, 18; Liberals, 11; and one seat vacant.

The Liberals elected are: Bell, Lea, Gallant, Metherall, Sanders, Dennis, McLean, McArthur, Crosby Hughes, LePage, Brice D. MacDonald, Nash, Irving, Higgs, Duffy, D. C. MacDonald, Acorn, Cox, McIntyre, Johnston, Dewar, Sutherland, Butler and Heslian.

Such a sweeping victory was unexpected by both sides, although the result of the federal elections, when four Liberals got a majority of home votes, afterwards changed by the soldiers' votes, foreshadowed a Conservative defeat. The returned soldiers did not take an active part in the contest, but it is evident that a majority voted Liberal. Fine weather brought out a large vote. There was a big turnover in Charlottetown, the Liberals capturing both seats by large majorities, labor going with the opposition.

Disaffection with the administration of the public works department, especially the neglect of roads, with the administration of the agricultural department, and with the proposal of the government to levy additional taxation told against the Conservatives. People also looked with disfavor upon the highway bill, fearing that payment of the sixty per cent. asked for by the federal government would be too heavy a burden.

The French government has conferred the Médaille Militaire, its highest decoration for an enlisted man, on a negro corporal of the 372nd Infantry, who was formerly a waiter in a Boston restaurant. Heroin, as the war has abundantly shown, is as dangerous as with race color or previous condition of service.

Serious Disorders In Upper Egypt

Lenine Wants Peace With Rumania

Makes Concessions for Armistice, But Ties Serious String to Proposals

London.—A Bolshevik delegation has arrived at Kishineff with an offer of peace to the commander of the Rumanian troops on behalf of Nikolai Lenine, the Bolshevik premier, according to a Berlin government wireless dispatch.

Lenine offers to cede Bessarabia to Rumania on condition that Rumania shall prohibit Ukrainian citizens and bands of Admiral Kolchak, head of the all-Russian government at Omsk, from crossing the Rumanian frontier.

An armistice to last eight days has been concluded on the Bessaragian front, and the delegation has gone to Rumanian headquarters.

Victory For Clemenceau

Great Success of Premier Clemenceau When He Won a Vote of Confidence

Paris.—All newspapers, excepting those distinctly hostile to the government, comment upon the great success of Premier Clemenceau when he won a vote of confidence in the chamber of deputies. Some papers make the point that the result shows the vote, in which the government was in the minority, was not aimed at the government, but was intended to obtain a more energetic policy designed to end the high cost of living, which, it was declared, threatened to paralyze the country. The papers express pleasure that Premier Clemenceau had pledged himself to consult the country soon, through the coming elections.

Prince To Visit White House

British Heir-Apparent Invited to Be Guest of United States

London.—The Prince of Wales will reach the U.S. next month as the guest of the U.S. government. King George, on behalf of the Prince, has accepted an invitation sent the Prince by President Wilson, to visit the President in Washington.

After his visit to Canada, the Prince will go to Washington for a few days as a guest of the United States government and later will make a brief visit to New York, where he will live on board the British battleship Renown in New York harbor, although still a guest of the government.

King to Unveil Montreal Statue

Montreal.—King George has consented to unveil the memorial here to Sir Etienne Carlier by pressing a button at Balmoral. The Duke of Connaught cables E. W. Villeneuve, president of the Carlier centenary, of which the former Governor-General was a patron, that His Majesty would unveil the statue by this method on September 6, the anniversary of Carlier's birthday. A wire will be run from Balmoral to connect with the Atlantic and Canadian cable lines, thus forming a direct electrical connection.

Trading In Titles Is Charge Made

London.—The tender spot in British political life today is the disposition of titles. These are awarded, of course, by the King, but on the nomination of the Prime Minister, and the criticism of reformers is that titles have been given for a long time and by various prime ministers for purely party services, and practically bought by contributions to party funds.

The House of Lords has a peculiar interest in this matter, because the old "nobles" families are jealous of having their caste lowered by the addition to the newly rich and purely rich to the orders of nobility.

The question was threshed out last year, and there was a general understanding that hereafter, when honors were announced the reason for their bestowal should be published. This has been done in form, but it is alleged, not in substance, because several much criticized honors in the last list do not appear as "for public services," which might mean almost anything.

London.—Eight hundred natives were killed and 1,600 wounded during the recent disturbances in Egypt, according to dispatches from General E. H. Allenby, Col. Harmsworth, under secretary of the foreign office, announced in the House of Commons.

The casualties to European and other civilians were:

Killed, 31; wounded, 35.

Ti casualties to the military were:

Killed, 29; wounded, 114.

The death sentence was imposed on 39 natives; detention for life, 26. Upwards of 1,000 were sentenced to short terms of imprisonment. The military courts have been dispensed with, the sentences which they imposed being reduced by three months.

Germany Would Be Friends With Neighbors

Advances Along Path in Expectation of Revision of Peace Treaty

Weimar.—Dr. Hermann Mueller, minister of foreign affairs, speaking before the national assembly, urged the carrying out of the peace treaty to the utmost, while working also for its revision. He advocated also the friendliest disposition towards Belgium by real sacrifices, thus paving the way for an understanding with the Belgian neighbor nations.

Dr. Mueller favored non-intervention in Russia, and an effort to promote friendly relations with Poland and Czechoslovakia, while not forgetting Germany's former allies, Bulgaria and Turkey.

Priests Must Pay

Kingston, Ont.—Judge Lavell has issued an attaching order to twelve Roman Catholic clergymen in the Kingston archdiocese for the "Cathedral," the ten per cent. of the revenue of a parish priest which is payable to Archbishop Spratt from the respective parishes of these men. This step is being taken to realize under the judgment obtained by Sister Mary Basil against Archbishop Spratt and Sister Margreite, of the House of Providence, for the sum of \$20,000.

Germans Must Surrender Livestock

Paris.—Germany will have to surrender to France 500 stallions, 3,000 fillies, 90,000 milk cows, 100,000 sheep and 10,000 goats, according to a report made to the French peace commission sitting under the presidency of Rene Viviani, by M. Dubois, economic expert for the commission, in commenting on the peace treaty clauses.

Two hundred stallions, 5,000 mares, 5,000 fillies, 50,000 cows and 4,000 heifers were also to go to Belgium from Germany. The deliveries are to be made monthly during a period of three months until completed.

Our State-Owned Ships

Ottawa.—By the end of this year the government will have twenty ships with a total net tonnage of 110,000 tons operating in the North Atlantic and West Indian trade. The voyages made by the seven steamers already in commission have been very profitable.

Auto Top Dressing

A Special Dressing Adapted For Automobile Tops

This dressing is prepared from a combination of essential oils and gums, so blended as to impart a high gloss to the top that is soft and pliable, so that it may be folded up without danger of the finish cracking or chipping.

Once tried always used.

Army Deserting Bela Kun

Straggling Back From Fronts With Lack of Discipline

Paris.—Dispatches from Budapest indicate that general demoralization has struck Bela Kun's army, which is straggling back from the different fronts with utter lack of discipline. The breakdown in the spirit of the troops is attributed to discontinuation of the fighting against the Czechs and the Romanians in consequence of an armistice, and to the hasty increase of the well-drilled loyal army of 60,000 to more than 125,000 men.

For Sprains and Bruises.—There is nothing better for sprains and contusions than Dr. Thomas' Electric Oil. It will reduce the swelling that follows a sprain, will cool the inflamed flesh and draw the pain as if by magic. It will take the ache out of a bruise and prevent the flesh from discoloring. It seems as if there was magic in it, so speedily does the injury disappear under treatment.

No War Of Revenge

Bernstorff Says That Huns Are Now Thoroughly Tamed

Berlin.—Count Von Bernstorff, speaking at a Democratic party meeting, said Germany must never forget that a world policy such as was engineered before the war has become impossible.

"Whoever lives in Germany," he said, "knows that we neither want nor can we conduct a war of revenge."

Count Von Bernstorff asserted that while the League of Nations regarded in Germany as a holy alliance aimed at Germany, and that without Germany, Austria and Russia it would be a mere facade, it will resume its real function when Germany enters it, of combining all the people's energies.

CLARK'S

MONTREAL
ESTD 1875

Germany Must Start Work Repairing France

Must Introduce Measures for Compulsory Work, if Necessary

Berlin.—Allied representatives have told the German delegates at Versailles, it is reported here in government circles, that Germany must be prepared to introduce measures for compulsory work, if necessary. This, it was said, was intended as a means of bringing about prompt execution of the separation work in northern France, utilizing troops and a half million civilian laborers.

Officers here said the allied conferences on this subject were conducted in a friendly spirit. These officials agreed that Germany has a problem in her labor troubles.

Betting Still Under Prohibition

Ottawa.—No modification has yet been made of the order-in-council prohibiting race track betting, but representations have from time to time been urging modification. Unless released, the order-in-council will remain in force till peace is formally proclaimed. This will follow ratification of the peace treaty.

The Man With Asthma's Alarming For Death to End his Suffering

He sees ahead only years of endless torment with intervals of rest which are themselves fraught with never ceasing fear of renewed attacks. Let him turn to Dr. J. D. Kellogg's Asthma Remedy and know what complete relief it can give. Let him but use it faithfully and he will find his asthma a thing of the past.

Decree Issued On Rule In Tripoli

Giving to the Natives Equal Rights With Italians

Washington, District of Columbia.—The Italian government has promulgated a decree giving to the natives of Tripoli equal rights with Italians, while maintaining their special rights and religious and social customs.

The decree also gives reasonable administrative autonomy, notably by means of a small local parliament, deliberative and elected, side by side with the governor and composed of citizens of all religions. This parliament has full powers with regard to local laws, direct taxation and administrative provisions.

A government council, presided over by the governor and made up of government officials, and members elected by the local parliament, expresses its opinion as to the choice of officials, which the governor appoints direct to the post of regional commissioner, delegate for a locality and district agent. Deliberative and elective councils help these officials in the administration of regions, localities and districts. The municipal authorities also comprise representatives of the population.

Members of all religions are to have a notable part in the administration of justice.

Minard's Liniment Cures Colds, Etc.

Quality of French Beer

A soldier was telling his friends of his experiences out in France, and among other things they discussed was the difference between the beers of the respective countries.

"Well," said the soldier at last, "my idea is that drinking one of those Frenchy beers is about like kissing your sister."

There is no telling what a day may bring forth. A man may be happy today and married tomorrow.

British Building Gigantic Dirigible

One That Will Carry Equipment of Six Airplanes

Washington.—Word reached the air experts of the United States government that the British government has begun the construction of the largest dirigible that has yet been undertaken in the world, one that will carry an equipment of six airplanes.

Providing Recreation Facilities

Realising the necessity of providing citizens and especially children, with proper recreation facilities, the city of Winnipeg, Manitoba, plans to spend this year \$209,469 on these operations. Approximately \$119,511 will be spent for park purposes and probably \$1,500 will be set aside for band concerts in the parks.

In addition \$62,962 will be spent on baths, or \$17,000 more than last year. An appropriation of \$26,996 is planned for the playgrounds.

Winnipeg possesses some of the most beautiful parks to be found anywhere in a city of its size.

Stated the Fact

Doctor And his young husband had any lucid intervals, Mrs. Smith?

Mrs. Smith: 'E's 'ad nothin' except what you ordered him, doctor.

General Allenby Honored

London.—General H. E. Allenby, commander of the British forces in Palestine that took Jerusalem in 1917, is one of a large number of British officers awarded the United States Distinguished Service Medal, according to a list published in the official gazette.

When a girl thinks a young man is almost good enough for her, she is sure to think he is too good for any other girl.

Italy May Lean On Germany

Will Look Upon Teutons as Their Staunchest Friends

New York.—There is a certain element of danger that the attitude of the allies will lead to such close relations between Germany and Italy that the latter country will come to look upon the Teutons as their staunchest friends, in the opinion of Thomas Nelson Page, who has just returned from Rome.

"I do not mean by this," Page said, "there is a possibility of an alliance between the countries. I do not think there is. But Italy needs coal and raw materials of various sorts for her industries. Germany supplied a great part of them before the war and is making preparations to do it again. She will spend money developing Italian industries and will edge her way into favor."

Increase Appropriation for Wounded

Washington.—Amended to provide \$14,000,000 instead of \$6,000,000 for the rehabilitation of wounded soldiers, sailors and marines, the sundry civil appropriation bill, which was vetoed by the President, was passed by the house and sent to the senate.

A speech made, at a banquet: is called a toast because of the dryness thereof.

Cataract Deafness Cannot Be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure Cataract Deafness, that is by a constitutional remedy. HALL'S CATARACT MEDICINE acts through the blood on the Mucous Surfaces of the System. Cataract Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing may be destroyed for ever. Many cases of Deafness are cured by Catarrh, which is an inflamed condition of the Mucous Surfaces. ONE HUNDRED DOLLARS for any case of Cataract Deafness that cannot be cured by HALL'S CATARACT MEDICINE. All Druggists 75c Circular free. F. J. Cheney & Co., Toledo, Ohio.

Flying In India

Mail Service From India to Australia Being Considered

Great progress is being made in aviation in India. The government has under consideration a plan to establish an aerial mail service between Bombay, on the east coast, and Rangoon, in Burma. A further service from India to Australia is also being considered.

In August of last year Brig.-Gen. A. E. Borton and Capt. Ross Smith flew from England to Palestine, and, after the signing of the armistice, proceeded from Palestine to India. Later they returned to England, and afterwards flew from England to India. So far as actual flying time is concerned, they did the journey in 72 hours.

He: "I dreamt I proposed to a pretty girl last night."
She: "Go on. What did I say?"
It is almost as easy to pick the wrong woman for a wife as it is to pick the wrong horse in a race.

British Columbia's Oil Prospects

To Make Examination of Alberta's Possibilities

Edmonton, Alta.—Prof. J. C. Gwillim, of the mining engineering department of the Queen's University, Kingston, has undertaken to make for the British Columbia government a survey of the western Peace River district at the headwaters of the Peace River, and with a party has gone north for this purpose. The particular object of the survey is to ascertain the oil possibilities of that region. There is a belief among geologists and prospectors that the country has petroleum as well as the Alberta section, and Professor Gwillim's work will be to investigate the lay of the land and make a report to the coast government. The professor had undertaken this survey before being requested by the Alberta government to make an examination of Alberta's iron possibilities.

For the purpose of furnishing a complete geological map of the country through which the Smoky and Little Smoky rivers flow, Prof. F. H. McLaren, of the Canadian geological survey, has gone north with a party of four men, to carry to a conclusion the work commenced last summer.

Cholera Infantum

Cholera infantum is one of the fatal ailments of childhood. It is a trouble that comes suddenly, especially during the summer months, and unless prompt action is taken little one may soon be beyond aid. Baby's Own Tablets are an ideal medicine in warding off this trouble. They regulate the bowels and sweeten the stomach. They contain no opiates or narcotics or other harmful drugs. They are guaranteed by a government analyst to contain no opiates or narcotics or other harmful drugs. They are sold by medicine dealers, or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Salvage Hun Ships in Scapa Flow

London.—The British Admiralty has placed contracts for salvage of the German warships sunk by their crews in Scapa Flow. It was learned. It was said that "satisfactory results" were expected.

A small man's shadow is just as black as that of a great man.

For years Mother Graves' Worm Exterminator has been the most effective preparation manufactured, and it always maintains its reputation.

For its own protection against heavier than air craft. The dirigible and the two hangars to be built for it will cost \$9,000,000, according to information reaching military here. It will have a capacity of 10,000 cubic feet, will be 1,100 feet long, 137 feet in diameter, and capable of lifting 100 tons, which would be more than double the lifting capacity of R-34, which has just made a round trip voyage across the Atlantic.

The cruising radius of the new dirigible, which will be finished in from 18 to 20 months, is given as 16,000 miles, and could, it is claimed, easily undertake the voyage from England to Australia.

The colonel beckoned to his orderly. "Smith, I wish you'd ride into the town and get the correct time."

"Why, sir," Smith hesitated. "I haven't got a watch."

"A watch, a watch!" roared the colonel. "What in the name of sense do you want a watch for? Write it down on a piece of paper, man."

BENSON'S CORN STARCH

Desserts—Rolls Sauces

BENSON'S is pure prepared corn starch, delicate and nourishing, unexcelled for all cooking purposes.

It improves the texture of bread, biscuits and rolls if one-third of the flour is substituted with Benson's Corn Starch. It makes pie crusts light and flakey.

There is a recipe for the most delicious Blanc Manger on the package, together with a dozen other uses. Benson's is the best corn starch for making sauces and gravies smooth and creamy.

Saskatchewan Land Inquiries

Saskatchewan Land Settlement Association Doing Good Work

Regina, Sask.—Much advertising is being given this province in the United States as the result of the work of the Saskatchewan Land Settlement Association, formed at the instigation of the Dominion Department of Immigration recently for the purpose of handling inquiries concerning farm lands received by the offices of the Canadian immigration authorities in the United States.

During the past month 6,000 letters have been received by the association and distributed among the members, who under the provisions of the by-laws must answer the inquiries fully. From the nature of the letters received it is stated by the secretary of the association that conditions in this province are quite imperfectly understood in the United States.

Minard's Liniment Cures Diphtheria

Large Sums For Stockyards Improvements

Between \$250,000 and \$300,000 is to be spent this year in improving and enlarging the Alberta Stock Yards at Calgary. The yards are to be paved, sewerage put in, and the whole of the older portion modernized as much as possible. Other improvements and extensions will be made from time to time as it is the intention that the stockyards shall be kept thoroughly abreast of the times, and the live stock business is constantly increasing.

The colonel beckoned to his orderly. "Smith, I wish you'd ride into the town and get the correct time."

"Why, sir," Smith hesitated. "I haven't got a watch."

"A watch, a watch!" roared the colonel. "What in the name of sense do you want a watch for? Write it down on a piece of paper, man."

PILES

Do not suffer another day with itching, bleeding or protruding Piles. No surgical operation required. Canadian Bankers' Competition For Boys and Girls.

Girls and boys who have not received a pamphlet concerning the Canadian Bankers Competition may get the same at the bank, Edmonton City Dairy, or Swift's Cream station.

Calves and pigs entered for competition must have been born on or after March 1, 1919, and must be the property of the exhibitor or the exhibitor's parents.

Exhibitors must feed and care for the animals at least six weeks before the fair.

The application forms must be properly filled out and filed with the manager of the local branch at least three weeks before the date of the fair.

The certificate must be filled out and signed by the parent or guardian of the exhibitor and filed with the secretary of the fair not later than the day of competition.

Be sure and get pamphlets for all the rules.

J. W. Milburn, Sec'y Treas.

It will be welcome news to the residents of this and other cities that the express companies are not to be allowed to increase the rates charged for the carriage of cream and other dairy products. The prices of these necessary commodities are now so high that any further increase would mean deprivation to many a household.—Edmonton Bulletin.

Question of Stock Running at Large in Municipal Districts

Under the provisions of the Municipal District Act Sections 206 to 216a inclusive, authority is given to any Municipal District to pass a by-law with reference to stock running at large. By the amendments made to the Act at the recent session of the Legislature, at the request of the Hon. A. G. MacKay, Minister of Municipal Affairs, any by-law of a Municipal District with reference to stock running at large, must be submitted for approval of the Minister before it can be advertised as provided for by Section 214 of the said Act, and any Municipal Council that is considering the putting into force of a by-law with reference to stock running at large, should be careful to see that they have the necessary approval endorsed on a certified copy of their by-law before it is advertised. This amendment was asked for not because it was desired to interfere in any way with the business of the Municipal Districts, but for the purpose of protecting Municipal Districts as far as possible from trying to enforce a by-law which would be illegal, and which would get them into trouble. The following is a copy of the model form of by-law which is being sent out to the Municipal Districts under the instructions of the Minister, so that they may draw up their by-law in accordance therewith:

BY-LAW No. —

A By-law of the Municipal District of — No. — for restraining animals at large.

1. No horse, etc., (describe animals to be affected), the property of any person, resident or non-resident, within the said Municipal District of — No. —, shall at any time be at large in that part of the said Municipal District, particularly described as follows:

(if it is not desired to restrain animals from running at large in any part of the district, use the words "in any part of the said Municipal District;" if, during certain months of the year, substitute particular months for the words "at any time.")

2. An animal at large shall be deemed to be any animal not under direct control of the owner or someone acting under his authority, or not confined within any building or lawful fence.

3. Any animal at large contrary to the provisions of this by-law may be impounded in the manner herein provided for.

4. Pounds shall be established as follows: (location of pounds and names of Poundkeepers shall be added.)

5. Any fence conforming with the requirements of the Fence Ordinance shall be deemed to be a lawful fence, (or the Municipal District may define the fence they desire to have as a lawful fence.)

6. Notwithstanding anything herein contained, any resident of the said Municipal District may allow head of horses or cattle (up to 100 may be allowed or in the alternative up to 500 sheep) to run at large for every 160 acres of land owned by him within such district.

7. The provisions of Sections 208 to 215 inclusive of the Municipal

District Act, shall be deemed to be incorporated in and form part of this by-law.

8. The provisions of the Stray Animals Ordinance, the Entire Animals Ordinance, the Herd Ordinance and the Pound District Ordinance, shall cease to be operative within the said Municipal District on the coming into force of this by-law (if it is desired to retain the Stray Animals Ordinance or the Entire Animals Ordinance, the one to be retained shall not be mentioned in this section.)

9. Any person who suffers or permits any animal, which he is entitled to possession of, to be at large within the said Municipal District, shall be guilty of breach of this By-law, and shall, under summary conviction under Part XV of the Criminal Code, forfeit and pay as a penalty an amount not exceeding One Hundred Dollars and costs, and in default of payment forthwith after conviction, shall be liable to punishment by imprisonment with or without hard labor for a period not exceeding thirty days, unless such fine and costs, including the costs of commitment, are sooner paid.

DONE AND PASSED IN COUNCIL this — day of — A.D. 19—.

Mayor (Municipal District Seal.)

Referring to this model form of by-law, the following points should be carefully noted:

Section 1 refers to "resident or non-resident." If it is desired to make the by-law apply to non-residents only, the necessary change desired should be made.

Section 6 provides for the limiting of the number of cattle or horses or sheep that a man owning land within the Municipal District may allow to run at large.

The question of the number that may be allowed to run at large in any Municipal District rests with the Council of the District, but no provision can be inserted in the By-law so as to allow the owner of land to have more than one hundred cattle or horses or five hundred sheep running at large for each quarter section of land in the Municipal District owned by him. It should, of course, be borne in mind that it is not necessary for the Municipal Council to deal with this point at all unless they so desire.

It is important that the provisions of the Act in regard to advertising of the by-law should be carefully followed; that is, that any by-law with reference to stock running at large, which the Council of the Municipal District intends putting into operation, should, after the form of by-law has been approved by the Minister, be advertised by notice in some Newspaper published in the Municipality, or if there be no Newspaper published in the Municipality, in some Newspaper having a circulation therein. Such notice shall contain a short synopsis of the By-law, and in addition, a copy of the by-law is required to be posted up in fifteen conspicuous places in the Municipality; one of these places being the office of the Secretary-Treasurer.

If within thirty days of the publication of the notice in the Newspaper, ten resident electors of the Municipal District petition the Council to do so, the by-law must be submitted to a vote of the resident electors, and a two-thirds majority of those voting is required before the Council can place the by-law in operation.

NOTICE

In the matter of the Court of Confirmation of the Tax Enforcement Return of the Municipal District of Buffalo Coulee No. 453.

Take notice that His Honor Judge Taylor, Judge of the District Court of the district of Edmonton will at the sittings of the Court of Verification on Thursday, the 2nd day of October 1919, confirm the Tax Enforcement Return of the Municipal District of Buffalo Coulee No. 453.

Dated the 29th day of May, 1919.
Arthur Curtis, Sec-Treas. of the Municipal District of Buffalo Coulee No. 453, Saltau, P.O. Alta. 17-24u

The Monthly Cheque That Never Fails

How the Money was Lost

"You see I had only a few thousand dollars left after the estate was settled—

and my brother borrowed some to help him along; of course that went and then—

I simply had to help father with his business, he was so worried—

and I thought it best to invest something in real estate at once. Well, that failed—

and, really, if it were not for the monthly income cheque from the Canada Life I don't know how I should be getting along now."

It is all so simple and effective!

Just a few dollars set aside regularly, and the Canada Life will guarantee to your home a continuous monthly income.

While you will probably live to draw the proceeds of the policy yourself, what a relief to know that no matter what may happen, the monthly cheque that never fails, issued regularly by the Canada Life, will come to your home.

Your present Life Insurance will no doubt "clear the mortgage," pay off the obligations of your estate, and leave something for your family, but

Consider This:

In addition to a "lump sum" of money, you should provide a definite income that cannot fail.

A weekly or monthly income is the natural thing for most people.

A woman can keep a family together on even a small income, provided it is regular.

Financial problems should not be thrust upon a woman who is not used to business deals.

The hands of unscrupulous men are always outstretched for money held by the unwary.

The Monthly Income Plan

You will be surprised to learn what a reasonable proposition can be made to you; how only a few dollars saved and set aside from your regular earnings can be multiplied into a substantial income for your Beneficiary.

Should Be Investigated.

Southern stock men who have been looking for grazing and hay in the north country report that the best of the grazing and hay lands there are held under lease by large concerns, and that they find little pasture or feed available.

This matter should be looked into. If the leases are held by stock-owners who need the pasture and feed nothing is to be done. But if they have simply been "picked off" by enterprising speculators as a means of holding up the stock-owners of the provinces they should be cancelled, and the land thrown open for those who will use it.

The settlement and development of the north country is too important to allow it to be held back by far-sighted manipulators of grazing and hay lease privileges. And the stock industry of the province

cannot be sacrificed for the benefit of get-rich-quick artists.

The Edmonton fair management report that there is a surplus of \$10,000 from the receipts of the recent fair. It would be interesting to have Manager Stark state what part of the exhibition.

All Hail to the Rain!

Mud is disagreeable but a few short days ago we were willing to wade thru mud to our ears if only it would fall. Now it has come, and everybody is wearing a smile that won't come off. Although a little late it will help materially in saving a fair percentage of the crop and in supplying feed for the winter.

Motorists Attention.

We have been asked to call the attention to motorists to the fact that it is unlawful to have glaring headlights on their cars. There are a number of cars in this district who are not complying with the law in this respect. A word to the wise etc.

Considering it as dead legislation the U. S. House Committee has recommended to Congress the repeal of the Canada Reciprocity Act in view of the formal rejection of the Act by Canada in 1911.

With so many accidents with airships and aeroplanes happening in all parts of Canada and United States, laws ought to be enacted prohibiting exhibitions and flying over cities and towns.

The Edmonton Cigar Factory, Limited.
EDMONTON ALBERTA CANADA

At The Top Of The Earth.

In describing the Northern Canadian Rockies, a prominent writer says: "Out on the Western slope of this Continent, beyond the plains of Western Canada rise the peaks of the Northern Rockies. It is the top of the earth, this wonderland of mountains, and embraces the Canadian National Parks, Jasper and Mount Robson, with their hundreds of peaks and thousands of lakes, a place of infinite glory of sky, and cloud and summit."

A trip to the North Pacific via the Grand Trunk Pacific takes you thru the heart of this unsurpassed scenic country, which has been accessible to the travelling public since the construction of this railway. Jasper Park Camp, close to Jasper Park station, surrounded with exquisite scenery is an ideal

place to spend your vacation. Rates for board are reasonable, and service excellent. Guides, pack horses and conveyances of all kinds are also available. Good fishing may also be had. Get literature from your Grand Trunk Pacific agent.

The Jarrow Page

This page is devoted to the interests of Jarrow and District

JARROW

Kenneth Carter has his house nearly completed and intends to start hauling lumber from Jarrow for a born soon.

Perey Bamsey is hauling lumber from Jarrow for a new house and barn. He just lately returned from the front.

S. Cullum is away to the States on a visit.

Division 1 is doing considerable grading in that township and making a decided improvement on the roads south of town.

Wm. Comley purchased a Wallis tractor from the Jarrow Auto. Supply last week and is busy breaking with a triple gang, purchased from the same firm.

J. H. Waite is putting a substantial addition to his house south of town and is still hauling lumber.

August Weinrich just finished a well for D.W.L. Bailey and has moved up north again. He is having a new house built on the farm north of town. W.J. McCully is hauling the lumber from Jarrow and Mr. Meldon from Irma is doing the carpenter work.

Clayton Reese is leaving for B.C. soon. He disposed of his cattle to Mr. Madden from Biggar.

J. Russell shipped a car load of cattle from Jarrow last week.

L. O'Leary has bored a well 80 feet deep for Wm. Jenkins and got water at last.

Everybody is busy making hay and since the recent rains there is considerable growth. Quite a lot of grain is about ready to cut and a medium crop is expected in many places. There seems to be a chance for plenty of roughage at least.

F. C. McGee sold T.A. Lindberg's farm north of town last week. The price was around \$5000.00 as far as we can learn.

Arnold Christenson has been busy driving Mr. Madden around the district buying cattle.

Hans Christenson has traded the Cadillac to his brother O.C. Christenson for the Ford.

Leslie and Glen Moore have purchased the garage business of J.W. Wyatt at Irma.

Jarrow will soon have an established butcher business and will supply any neighboring towns needing meat. This is just what we need. Now when we go to town we know we will be able to get a nice roast for Sunday and not have to trust to luck as formerly.

A good crowd gathered at Harold Whidden's barn last week for a little hop and everybody had an excellent time.

A Fire Insurance Policy after you are burnt out would not do you any good. See F. C. McGee the next time you are in town.

Minburn

The rains of last week have done a lot of good and the farmers are now beginning to feel there will be feed for their stock. But the rains came to late to save the wheat.

Members of the masonic order were in Minburn from Vegreville, Mannville and Vermilion at the institution of Kiwinnin Lodge, W. D., by R.W. Bro. C.J. Lakey, D. D.G.M. of District No. 10, A.E. and A.M.

Mr. and Mrs. J.C. Jorje, C.N.R. agent at Minburn are away on a three months' leave. They are going to visit their homes in England. It is some years since they have been home.

Mr. and Mrs. W. Johnson and family. Mr. and Mrs. Ole Johnson and family and Mr. and Mrs. Elbert Olsen took the C.N.R. to Vancouver and Seattle Tuesday morning, they having sold their farms and stock some time ago. They purpose settling in Washington state for a time.

KINSELLA

The second annual picnic of Overleigh school district was held on Friday, July 18th and was a great success. Two baseball games were played. Teams representing Viking school and Overleigh school lined up and had a good game, the final score being in favor of Overleigh, 6 runs against Viking 4. The married men beat the singles 12-14. Boys and girls races were well contested. The pony race was won by D. Maxwell. The ladies served luncheon, and Mr. Cooper, of Phillips, served ice cream, fruit etc. Everybody enjoyed the outing.

VIKING

The band meeting Monday night was more fruitful of results than the one the week previous, and it looks now as if Viking will have a band in the near future under the management of a citizens committee.

After considerable discussion a motion was passed to organize and a committee composed of the following citizens outside of the band to manage the affairs of the organization and to drum up support: Messrs H. C. Cooke, A. C. Wittman, L. Kelly, W. McAtkey, W. L. Campbell, D. McDonald and J. C. Hennessy. Mr. Cooke was elected chairman of the committee and L. Kelly, Sec-Treas.

A motion was passed to canvass the town and district to see what support they are willing to give.

Mr. B. Hilliker will take the leadership of the band and from what has already been done the band ought to have its first practice in about a month. There is now a list of about 20 who wish to join the band and out of this at least fifteen may qualify as musicians it is hoped.

The baseball and basketball tournament and sports held under the auspices of the baseball club last Thursday was considered by many as the best of its kind ever held here. The morning which looked threatening brightened into one of the finest of summer days.

The first game of ball was staged between Bruce and Viking, and although the visitors were game they were outclassed and the contest went to the locals 9-3.

The second ball game was played by teams from Irma and Killam, and was won by Killam 10 to 2. Irma who was touted as a strong team and a likely contender for first place in the tournament had an off day and the score does not indicate the relative strength of the teams.

Sedgewick having drawn a bye, lined up against Killam for the third game and they fared little better than their comrades, losing to Killam 11 to 5.

The final game narrowed down to Viking and Killam and it surely was some game and went ten innings before Viking nosed out a 13 to 12 victory.

Up to the first half of the ninth inning it looked like a reasonably safe win for Viking but Killam started a batting rally that netted them five runs; which made them one to the good, 12 to 11. Then's when the Viking rotters got to going on all six cylinders. Loughlin got a hit and went to first, stole 2nd, 3rd and home tying the score midst bedlam of noise that could be heard for miles away.

With the score tied Killam went to bat in the tenth but were retired in one, two three order. Jas. Dayton was the first to bat in Viking's half and got a free trip to first base. He stole second and while Jones was on his way to first on a passed ball by the catcher, Dayton beat it to third. In the third baseman's effort to catch Jim on a throw from first he fumbled it and Jim raced home with the winning run and the big game was over. Pandemonium broke loose, the home crowd cheering themselves hoarse. It was a perfect end of a perfect day, a thrilling finish that comes once in a lifetime and the kind sport writers like to rave about.
